The property was built in 2017 and has a modern and open feel, and features many modern gadgets.
It is located in a calm cul-de-sac with many neighbours' around, but the house and garden are very private and not overlooked. There is a local bakery and local café only a few meters away and its less then 2km from São Brás town with all different amenities.

The house is composed of an entrance hall, that separates the house in two, to the right we have a laundry room, the office room or could be used as a smaller bedroom and the extra spacious room that could be used as a gym or hobby room.
From the entrance hall to our left we enter the open space kitchen- lounge area.

The kitchen has a granite worktop and is equipped with dish-washer, fridge-freezer, microwave, oven, extractor fan and a mixed induction and gas hob with 4 induction point, 2 gas burners and a indoor barbecue grill.

The lounge is spacious and very bright having windows on both sides and patio doors leading to a covered terrace facing the garden and pool area. The lounge is equipped with a cast-iron wood burner and air conditioning units.

From the lounge you enter a hallway that leads to the family bathroom with a walk-in shower and a separate bath, and access to 3 bedrooms, of which two are double bedrooms with fitted wardrobes and the third one is the master bedroom with its ensuite bathroom with double sink and walk-in shower.

Via the electric gate you access the property via a paved driveway leading to the carport. The garden is well established and of easy maintenance with several fruit trees, it has irrigation system and 2 mains water meters. One for the house and one with cheaper rate for the garden.
The property has a registered old water tank that has been converted into a plunge pool, a small wooden chalet for storage/garden tools and dog kennels.

Accordingly to the municipal planning (PDM) it is possible to extended the property extensively and build a regular size pool and garage.

The property features:
-Mains water (2 separate meters for cheaper rate)
-Mains sewage
- Solar panels for hot water
- 3x Photovoltaic Solar panels for electricity production (own consumption)
-Air conditioning (Lounge and 3 bedrooms)
-Pre-AC in office and hobby room
